

# Fujikawa Grape

Premium grapes cultivated by expert viticulturists.

## Shine Muscat

These large, succulent grapes burst with sweetness, filling your palate with their luscious flavor. Their tender flesh and distinctive Muscat aroma create an exquisite taste experience. With a Brix level of around 20°, they're perfect for desserts and gourmet pairings.

## Fuji no Kagayaki (Black Shine Muscat)

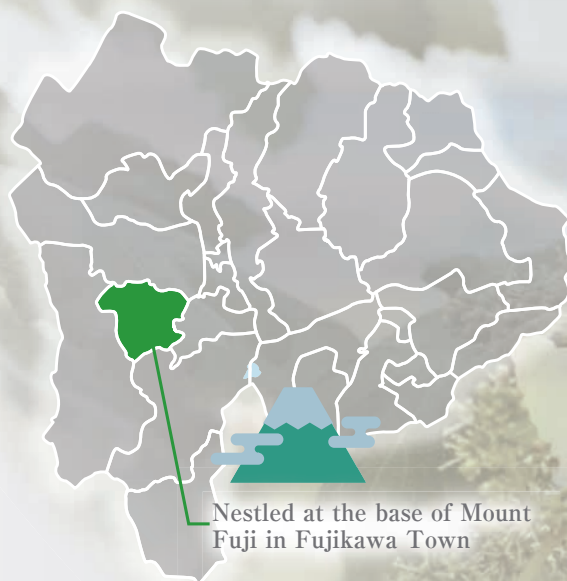

Luxuriously large and succulent, these grapes captivate with their rich, velvety aroma and profound depth of flavor. With select berries achieving an exceptional 30° Brix, their honeyed sweetness is nothing short of extraordinary.

A rare treasure, perfect for gifting and savoring on the most special occasions.

## BK Seedless

Plump, juice-laden berries delivering the signature richness of Kyoho grapes in every bite. With minimal acidity and a Brix level exceeding 20° at full maturity, they're perfectly suited for premium desserts and refined culinary applications.
