From Yamanashi to Japan and Beyond

■ Fresh Fruits

■ Processed foods

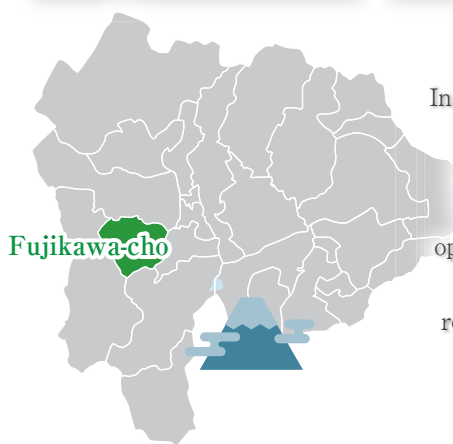

■ Fresh Vegetables

From Yamanashi's Rich Nature
to Tables Across Japan and the
World —

Unlocking Agriculture's Potential
to Deliver True Value

In 2022, we began cultivating fruit trees on approximately 4 hectares of land in Fujikawa Town, Minamikoma District, Yamanashi Prefecture. Since then, our operations have grown steadily, and today we farm fruits and vegetables across roughly 20 hectares in the greater Kanto region, spanning Yamanashi, Shizuoka, Ibaraki, and Saitama prefectures.
